Italian Free Spirit

MODERN DRINK - ITALIAN MADE

The ITALIAN FREE SPIRIT brand stems from a passion and a desire to bring to the market a new way of drinking. Modern and innovative.

ITALIAN FREE SPIRIT products are the result of our lands rich in history and culture, as well as the unique characteristics that the world envies us for. The hills of Prosecco and the Venetian Lagoon.

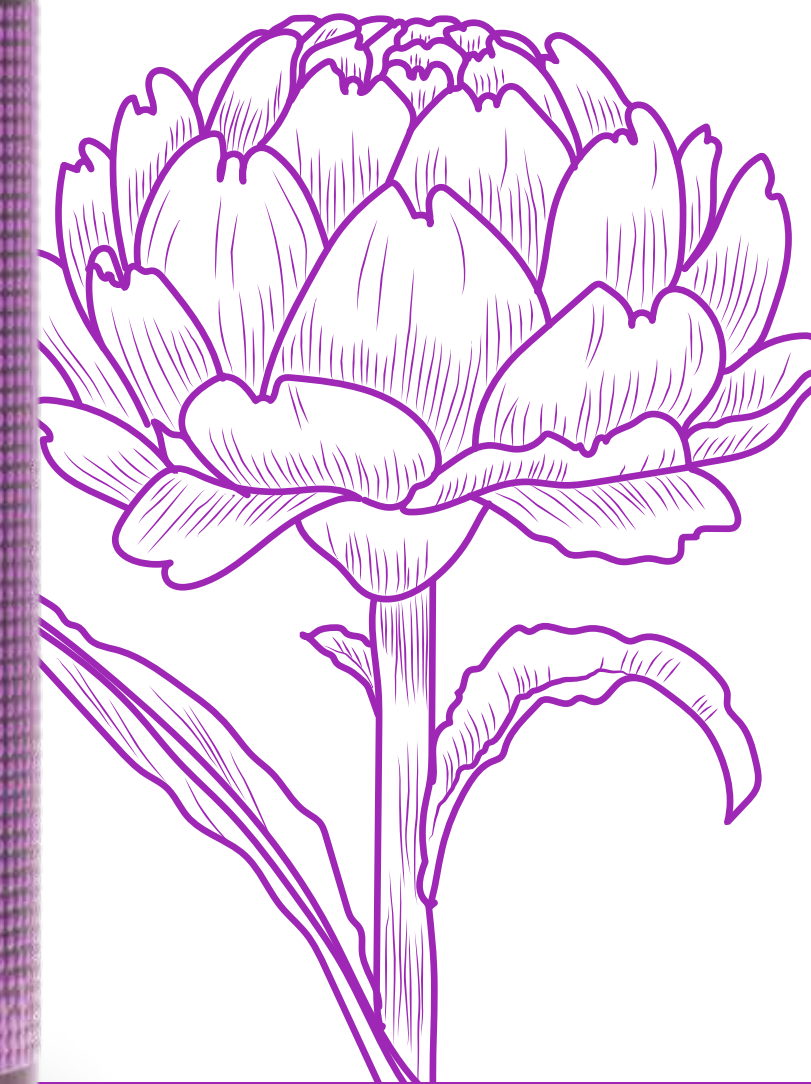

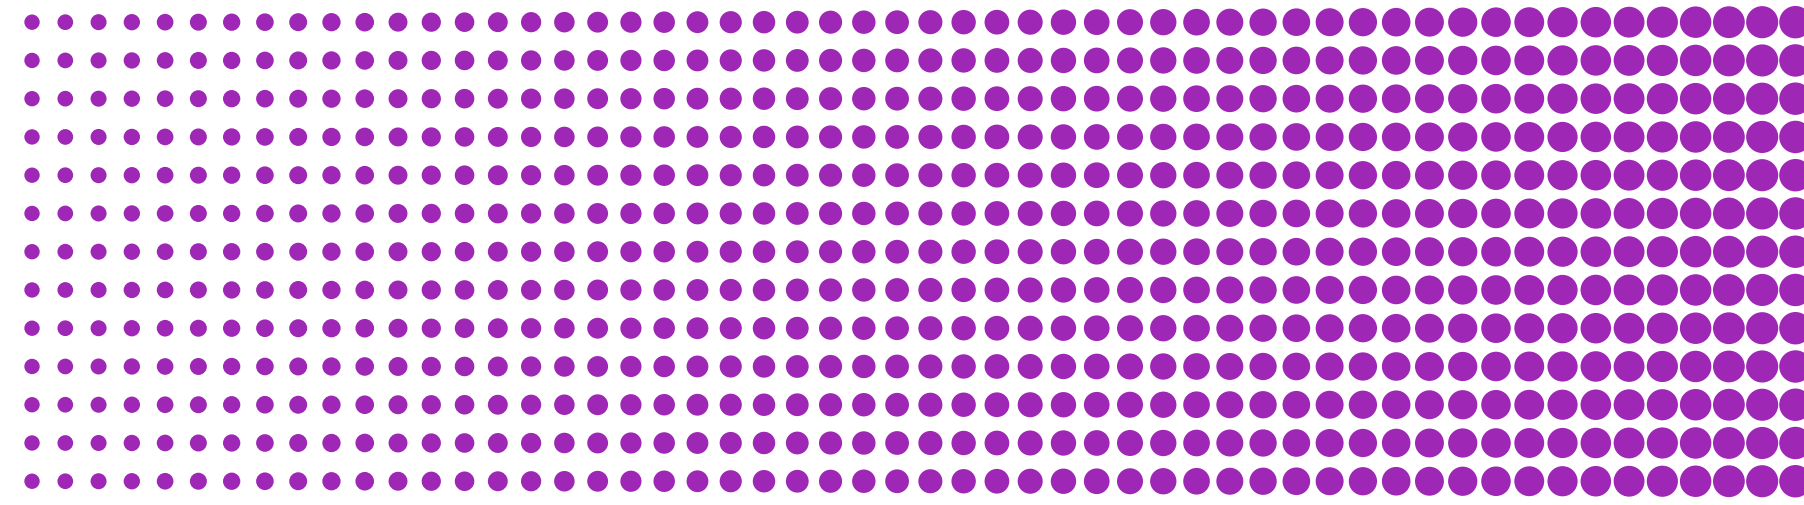

From each place, we have gathered the best, and after extensive research and extensive development of pairings and infusions, we have finally achieved the exciting results we were looking for: two exceptional bitters and a vermouth that fully represents the land they come from.

Good, innovative, and refined, enjoyable to taste both neat and in creative cocktails.

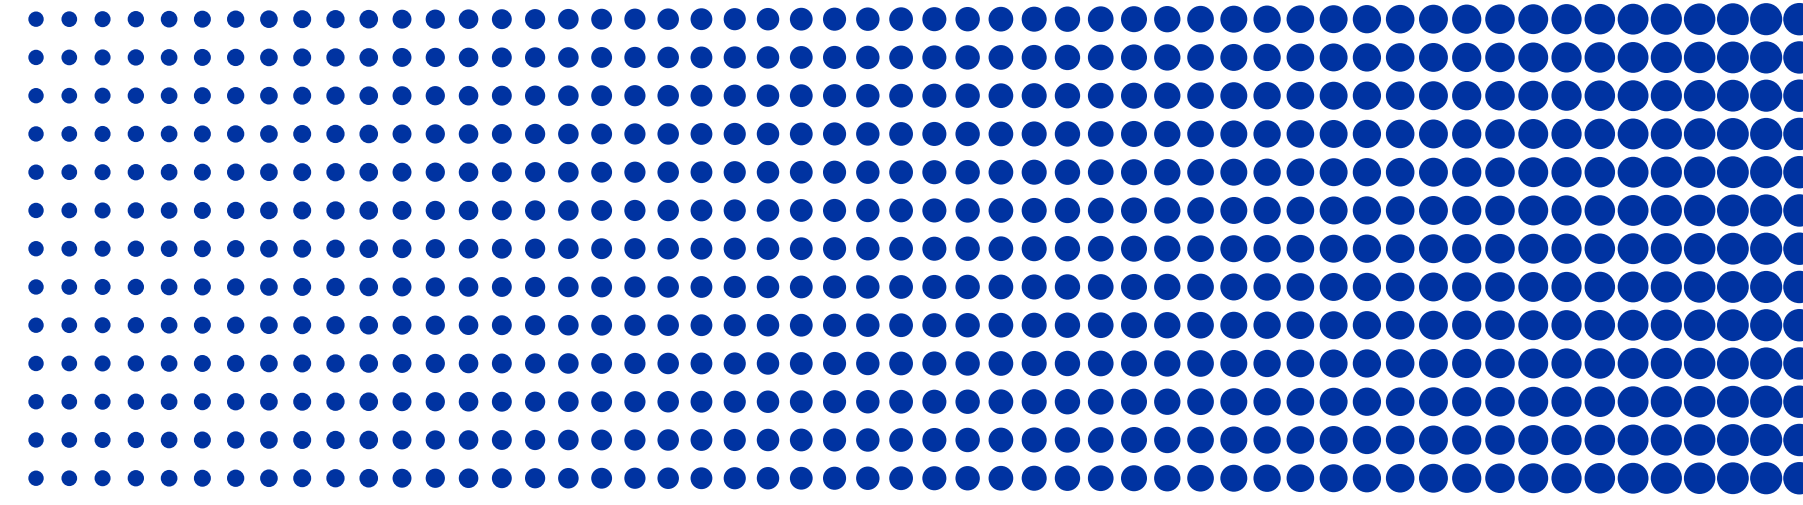

Our desire is to offer a unique sensory experience capable of giving moments of joy and pleasure. We are convinced that drinking Italian Free Spirit is an experience that goes beyond the simple act of drinking but becomes an opportunity to celebrate life and the little beautiful things.

Amaro VENESIAN

Venesian is a distinguished herbal liquor, originally from Venice. It's the result of a masterful infusion plus an original and harmonious combination of different varieties of botanicals. Crown jewel of this selection of herbs, is the "**Carciofo Violetto di Sant'Erasmus**", a particularly prized variety of artichoke (presided over by slowfood), a rare breed that grows exclusively in the loamy soils of the Venetian lagoon, precisely in the islands of Sant'Erasmus and Lio Piccolo. Tender, fleshy and slender, it is renowned for its distinctive digestive properties. **Artemisia** is a perennial plant that grows spontaneously in the Venetian lagoon, well-known as a medicinal herb. It is also used in cooking for its pleasantly balsamic scent. **Inularia** grows in the salty Venetian fields, also known for its digestive and balsamic properties.

Amaro PERFETTO

**WHY IS IT CALLED “PERFECT”?
BECAUSE IT SIMPLY IS..**

Amaro Perfetto

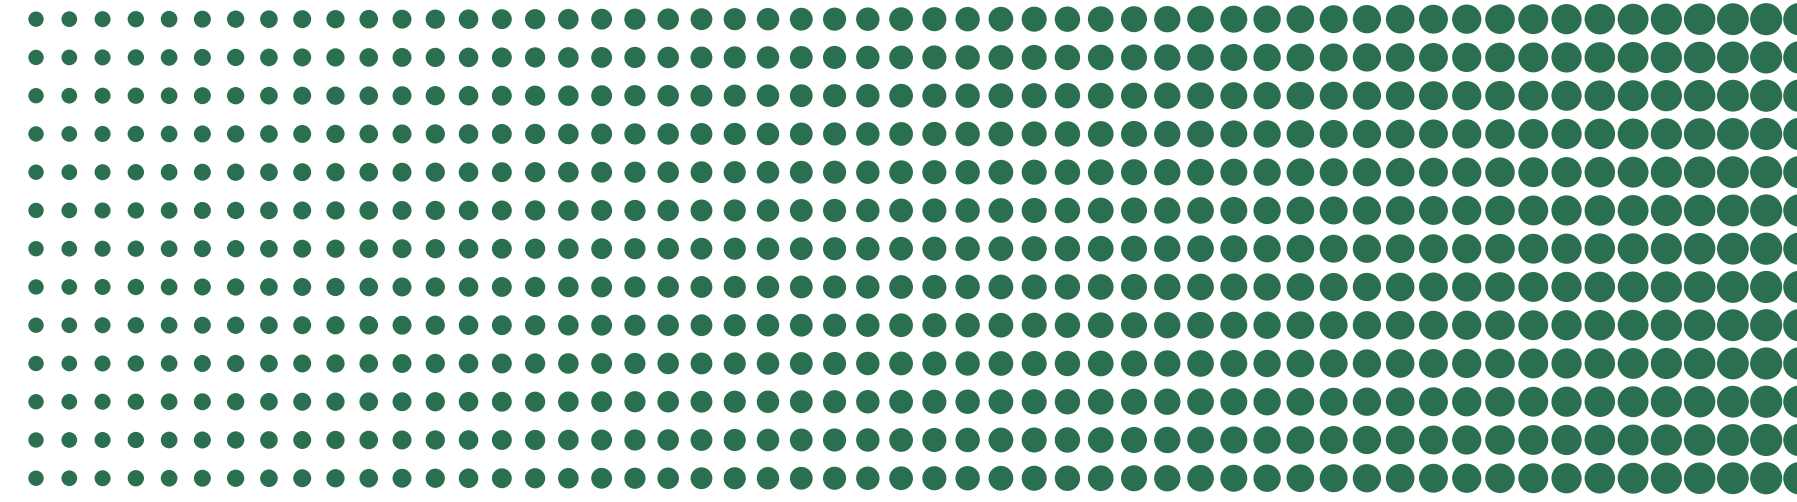

is a tasteful infusion of herbs and roots, revised following the most ancient traditions.

It's a drink that includes new flavors by balancing strong and fresh notes, resulting in a perfectly bitter-sweet taste.

It can be drunk neat as a digestive, but it is also extremely versatile for happy hour, served on the rocks with a or with a twist..

Vermouth P.NINE

For this unique Vermouth, we have used an old recipe from 1860.

We skillfully revised it with a modern twist, although respecting the organoleptic qualities of the **Prosecco DOC**, the wine, enhancing its freshness in taste and scent, while keeping its original color.

This Italian excellence can be tasted neat, on the rocks, with a slice of orange and a twist of lemon.

At the same time, it can be a precious ingredient to create delicious cocktails.

Gin VENESIAN

Result of the valuable collaboration with Verbezia, an awarded green company from Cavalino Treporti, **Gin Venesian** is obtained through the infusion of a careful selection of herbs and spices cultivated in the Venetian lagoon. Among these, a particular variety of Agastache and Hyssop contribute unique and elegant balsamic notes to this Gin. It can be enjoyed neat or mixed.
